

# WELCOME TO HOFFMANN

Quality Industrial Tooling Equipment and Service Solutions

# DO YOU WANT PEACE OF MIND WHEN IT COMES TO SUPPLIES? WE CAN DELIVER!

Your success builds on everything running smoothly in procurement.  
We ensure this happens with the highest delivery capability and perfect delivery accuracy.

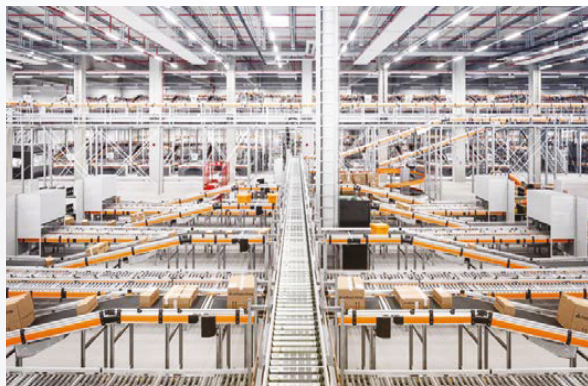

## We think delivery capability is a big deal: This is why we have facilities to match

To be able to supply you with goods reliably in the future, we have created something big: LogisticCity – the most efficient tooling logistics centre.

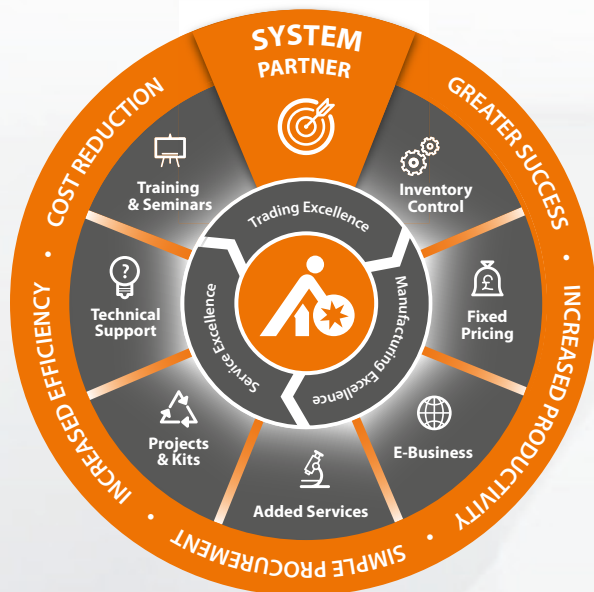

LogisticCity is a crucial step towards networked digital logistics which exploit to the full the technological opportunities available today.

This reliably ensures our outstanding delivery performance for you on a long-term basis, even in times when we have to react constantly to changing market conditions.

## Hoffmann Group LogisticCity: Taking logistics to the next level

- **100,000 m<sup>2</sup>** of logistics area, fully automatic warehouse with **500,000** container and **30,000** pallet spaces, **14 kilometres** of conveyor systems, **40,000** packages a day.
- **TechnologyCenter** and **ServiceCenter** for calibration, regrinding, textile finishing and laser labelling.
- Delivery availability within 24 hours in Germany and Austria; 48 hours for the rest of Europe.
- LogisticCity, **Europe's largest tool logistics centre** in Nuremberg.
- Numerous logistics sites **worldwide**.

## SYSTEM PARTNER:

Bringing the Hoffmann Value Proposition to Life

**We make our customers more successful by increasing productivity and simplifying the procurement of industrial tooling & equipment.**

At Hoffmann UK we value each of our customers and understand that every business has a unique set of needs. We help you to succeed with our System Partner approach. We achieve this by addressing many of the pain points with our bespoke service solutions-reducing your need for multiple suppliers and unnecessary purchase orders.
